Suspect:
Inmate Herrera, Eppie (BKG# 3030410)
-Left Wrist Small Fracture. Small laceration on forehead. No additional injuries.

Evidence:
-Compact Disk containing Video of the assault

Additional Witnesses:
-Deputy J. Jeong #10483
-RN. S. Fraser

Narrative:

On Saturday, December 16, 2017, I was working my assigned position as a Classification Deputy at the Intake and Release Center (IRC) in Santa Ana, CA. The IRC is a multi-level maximum security facility that accepts new bookings into the Orange County Jail system and houses pre-sentenced or sentenced male and female inmates. At approximately 1630 hours, Inmate Herrera, Eppie (BKG# 3030410) was booked into the IRC and was placed in Classification booth one to be classified by Classification Deputy M. Rigby #9605. I was sitting in Classification Booth 2 classifying an inmate. Deputy A. Copeland was sitting in booth three classifying another inmate.

The Classification process consists of a series of standard questions that assesses an inmate's security level inside the Orange County Sheriff's Department Custody. Based on the answers to these questions inmates are classified individually based on their criminal history, jail history, state prison experience, number of arrests, security concerns, sexual preferences and safety concerns. Interviews are conducted through a Plexiglas window with no speaker. There is a small insert approximately 3 inches tall and 3 feet wide. This insert is for an inmate to place his left wrist so the Deputy can place the appropriate classification band on.

At approximately 1630 hours, Inmate Herrera came into the booth #1. Inmate Herrera appeared in an intoxicated/ill demeanor. I could hear Deputy Rigby ask Herrera standard classification questions. Deputy Rigby repeated the questions multiple times. Inmate Herrera would faintly respond with mumbled, unknown and short responses. Deputy Rigby increased the level of his voice. I came over to booth one and saw Herrera in the far front right corner of the booth closest to booth #2, mumbling unknown responses to Deputy Rigby. Herrera's position inside booth one made it very difficult to hear or understand any of his responses. Deputy Rigby informed Copeland and I that he was going to place a band on inmate Herrera and move him to a different cell. Deputy Copeland and I followed Deputy Rigby to the booth #1 door. Herrera appeared calm and had his hands to his side. Herrera still demonstrated an intoxicated/ill demeanor. Deputy Trautman opened the door. Deputy Rigby continued to ask Herrera questions regarding his classification. Deputy Rigby then directed Herrera to turn around and place his hands behind his back so we could place a

wristband on his hand. Herrera threw his left hand towards Deputy Copeland. Deputy Copeland and Rigby immediately took control of Herrera and placed him against the booth window. To avoid Herrera from striking one of my partners I placed handcuffs on Herrera. Herrera shouted "Fuck off I am not a blue bander!" Herrera continued to resist by keeping his hands balled up into a fist and wrists straight. Deputy Copeland and I turned Herrera towards the booth wall so Deputy Rigby could effectively place the wrist band on Herrera. I took control of Herrera's right arm and placed it a in a rear control hold as Deputy Rigby placed the wristband on Herrera's left wrist. Deputy Copeland and I escorted Herrera in academy approved rear control holds to cell PM-17.

Inmate Herrera continued to curse at deputies. Deputies Copeland, Rigby and I placed Herrera chest down on the ground inside PM-7 in the prone position out of fear that he could assault us as we uncuff him. Herrera initially did not follow commands. Deputy Copeland I had to forcefully place his hands underneath his stomach. Herrera later complied with all commands given by Deputy K. Trautman #4819 and was uncuffed. All the deputies exited the cell without incident.

At approximately 1715 hours, I was notified by Deputy Trautman that inmate Herrera was having pain to his left wrist. I immediately contacted SGT. Castro and notified IRC Triage. RN Fraser came and evaluated Herrera at PM-17. Herrera willing stated the following: "I broke my wrist 3 years ago and it never healed right." The nurse asked why he did not say anything during the initial booking process. Herrera stated "I am detoxing off Heroin and it did not hurt until now." RN Fraser then cleared Herrera of any injuries, set him up for an X-ray appointment, and cleared Herrera for regular housing. I walked back with RN Fraser and returned to PM-17 to give Herrera an icepack. After I gave Herrera the ice pack. Herrera willing stated "I am so sorry for fighting with you guys. I'm sorry."

It was later determined by IRC medical staff that Herrera needed to go to the Hospital for further treatment. It was determined by Hospital staff that Herrera suffered a small fracture in his left wrist. Herrera returned to the jail and was cleared for medical housing.

On Sunday December 17, 2017 at approximately 0848 hours, I read Herrera his Miranda rights verbatim from my department issued Miranda Advisement Card. Deputy C. Bright #8820 was present as I spoke to Herrera in PM-6 of Male Identification. Herrera said, "Yes" to all four questions. I asked Herrera if he wanted to talk about the incident, Herrera stated, "Yes. "The following is a summary of Herrera's statements:

Herrera stated he should have never struck Deputy Copeland. He should have complied with Deputies and put the blue band on. Herrera said he was detoxing Heroin and uses Heroin to keep his left wrist pain away. Herrera broke his left wrist in a domestic violence incident 3 years ago with his girlfriend. Herrera, approximately two days before this in custody reinjured his left wrist. During the booking process, Herrera claimed of pain in his left wrist and was told by deputies to submit a medical slip when he gets up to his housing location. Herrera said he complied until Deputies grabbed control of his hands. Herrera said "I changed my mind and did not want to be Protective Custody." Herrera said he struck Deputy Copeland in an attempt to get Deputy Copeland off of him. Herrera talked about how he had assaulted a Correctional Officer in state prison. Herrera admitted he injured the Correctional officer in an assault inside the Security Housing

Unit (SHU). Herrera is a level four inmate inside state custody. Herrera apologized multiple times and blamed the detoxing of Heroin for his assaultive behavior.

I reviewed the overhead camera footage of the incident to refresh my memory prior to writing this report. I made a copy of the video containing surveillance footage of the incident and booked it into the evidence room at the Orange County Sheriff's Brad Gates Building in Santa Ana, California.

On 12/16/2017, a use of force incident occurred.

Witness Statement(s):

See deputies reports regarding any witness statements.

Subject(s) Interview:

On Saturday, December 16, 2017, at approximately 2126 hours, I interview Inmate Herrera, Eppie # 3030410 while he was sitting inside cell PM17 on the first floor of the IRC's booking loop. The interview was captured by handheld camera and witnessed by Deputy Brown. The following is a summary of the interview. Herrera stated prior to the incident he had no injuries. He did state he had a broken left wrist around 7 years ago. Inmate Herrera stated after the incident he had the following injuries: A broken, cut under his right eye, cut on his right wrist and a sore right shoulder. Inmate Herrera was seen by our medical staff who determined Herrera had to be sent out to O.C. Anaheim hospital for further treatment. I concluded my interview at approximately 2129 hours.

Additional Information:

My Sergeant Interview was recorded by a handheld camera.

12. DETAILS OF OFFENSE:

On Saturday, December 16, 2017, I was working my assigned position as a Male Identification Deputy at the Orange County Sheriff's Department Intake and Release Center. At approximately 1630 hours, while processing inmate fingerprints, I saw Deputies, A. Santo # 9817 and A. Copeland #9320 escort an inmate later identified as Herrera, Eppie (Bkg#3030410) to holding cell PM-17. Deputies Santo and Copeland had Herrera in a control hold and were walking him backwards toward cell PM-17. Deputies M. Rigby #9605 and K. Trautman #4819 were following closely behind them. I responded to cell PM-17 for assistance.

As I approached cell PM-17, I saw Deputies Santo, Copeland, and Rigby prone Herrera out on the floor. Deputies removed hand-cuffs from inmate Herrera. I stepped inside the cell and retrieved the hand-cuffs and exited the cell with no physical contact with Herrera. **See Deputy Santo's #9817 Initial Crime Report DR 17-049808 for further details.**

I reviewed the video camera footage prior to writing this report.

9. VICTIM/INFORMANT	10. DATE AND TIME OF OCCURRENCE	11. GRID
Deputy K. Trautman #4819	Saturday, 12-16-2017/1730 hours	829 D3

12. DETAILS OF OFFENSE:

On Saturday, 12-16-2017, I was working my assigned position as the Booking Prowler at the Intake Release Center (IRC), a maximum security jail facility. At about 1630 hours, I observed deputies A. Santo #9817, M. Rigby #9605 and A. Copeland #9320 enter classification booth #1. Inside of the classification booth was an inmate, later identified as Herrera, Eppie (BKG#3030410) who was refusing to put on his blue protective custody inmate wristband. All three deputies entered the booth and took control of Herrera's hands, applied hand-cuffs and put on his wristband. I entered the classification booth and removed Deputy Santo's Electric Control Device (ECD) from his holster and exited the booth. I had no physical contact with inmate Herrera.

All three deputies exited the booth with inmate Herrera. Deputies Santo and Copeland escorted Herrera down the hallway to holding cell PM#17. Both deputies had Herrera in a control hold. I followed with the ECD in my right hand. I observed deputies Santo, Copeland and Rigby escort Herrera inside of cell PM#17 and prone him out on the floor of the cell. Deputy Copeland had control of his left arm, Deputy Santo had control of his right arm and Deputy Rigby took control of his legs by crossing them and used his body weight to keep his legs pinned to the floor. I entered the cell and placed the ECD on the right upper portion of his shoulder. I told Herrera that failure to follow my commands, or if he resisted or tried to get off of the floor that he would be "tased". I asked Herrera if he understood and he replied that he did. I instructed Herrera to place his left hand under his stomach and touch his "belly button". The handcuff to his left wrist was removed and Herrera complied with my instructions. I instructed Herrera to place his right hand under his stomach, touching his left hand and to keep both hands there. Herrera again complied with my instructions.

I instructed Herrera that the deputies would now going to exit the cell. I instructed Herrera to remain on the floor with his hands underneath his stomach and not attempt to get off the floor until all the deputies had exited and the cell door was closed. I told Herrera that failure to follow my instructions or if he attempted to resist or fight with deputies that he would be "tased". All deputies exited the cell without incidence. I used no force during this incident and had no knowledge of any injuries to deputies or Herrera at this time.

At about 1730 hours, I was doing my final safety check when I stopped in front of cell PM#17 where Herrera told me he had broken his left wrist twice in the past and thought it was broken again. Herrera was complaining of pain to his left wrist. I immediately told Deputy Santo what Herrera had told me. Deputy Santo spoke with Herrera and had nursing staff respond to his cell.

I have reviewed the video footage of the incident prior to writing my report. For further details see Deputy Santo's report, same DR#.

FOLLOW-UP REPORT

7. OFFENSE	8. LOCATION OF OCCURRENCE	
C.P.C 148 (a)(1) Resisting Arrest	550 N. Flower St., Santa Ana, CA 92703	
9. VICTIM/INFORMANT	10. DATE AND TIME OF OCCURRENCE	11. GRID
Deputy M. Rigby #9605	Saturday, 12/16/17 at about 1630 hours	829D3

12. DETAILS OF OFFENSE:

Narrative:

On Saturday, December 16, 2017 at about 1630 hours, I was working my assigned position as a Classification Deputy at the Intake Release Center (IRC) in Santa Ana. I interviewed Inmate Eppie Molina Herrera ([redacted] BKG. #3030410) in Classification Booth #1 behind the plexi-glass.

During my classification interview with Herrera, he told me he had problems outside of custody in the 1990's due to a drug related issue where money was never sent to an inmate. Herrera has been a Protective Custody Inmate since while housed in the Orange County Jail. However, this time in custody Herrera wanted to be a General Population Inmate. Herrera's last time in custody at the Orange County Jail was January 4, 2016, where he was housed as a Protective Custody Inmate. I told Herrera he would remain in Protective Custody due to being a potential victim if housed in General Population due to his past. When I told Herrera he would remain in Protective Custody, he told me he wanted to be housed with General Population Inmates and that he does not want to wear a blue wristband. I asked Herrera if he had used any drugs recently, he told me he had used heroin in the last twenty-four hours and was a heroin addict currently withdrawing from the drug. Herrera appeared to have difficulty answering my questions during the interview and had a slurred speech. I asked Herrera if he had any medical issues and he said, "No." Herrera failed to disclose any prior/current injuries of his wrists or arms to me. I asked Herrera multiple times to place his left hand into the booth so I could place a wristband on him, but he did not listen to my directive. I told Herrera I could place the wristband on him where other inmates would not notice, but he could not seem to understand my explanation while he was inside the classification booth.

In order to place the wristband on Herrera and reason with him why he needs to be a Protective Custody Inmate away from other inmates, Deputies A. Santo #9817, A. Copeland #9320, and I went to the Booking

Loop to speak with Herrera. I retrieved a blue wristband, safety scissors, and clamping tools to place the wristband on Herrera.

When I arrived on the Booking Loop in front of Booth #1, Herrera was standing with his back on the wall and had his hands by his side. Herrera appeared to be calm, so I felt it was safe to enter Booth #1 to reason with him. Deputy K. Trautman #4819 opened the door to Booth #1. When the door opened I asked Herrera to place his hands behind his back and face the wall so I can place him in handcuffs to escort him outside the booth to talk. Herrera did not obey my directive and left his hands by his side. When Herrera did not do what I had told him to do, I grabbed his right wrist with my right hand and placed my left hand on his elbow to place him in a rear wrist lock to escort him outside of the booth. When I grabbed his wrist, Herrera suddenly stiffened his arm to keep me from controlling his right hand by moving his arm in a forward direction towards me. Herrera clenched his right fist and continued to keep his right arm stiff where I was unable to place it behind his back. Deputies Copeland and Santo both entered Booth #1 to assist in placing handcuffs on Herrera. Deputy Santo attempted to place handcuffs on Herrera, but he continued to stiffen his body making it difficult to place him in handcuffs. Deputies Santo and Copeland had to forcefully move Herrera's arms to move his body against the wall. Herrera yelled multiple times that he was not a "blue bander" when deputies were moving him. Once Herrera was placed in handcuffs, I placed a blue wristband on his left wrist without incident.

Deputies Santo and Copeland escorted Herrera in handcuffs into Cell PM #17 on the Booking Loop using a rear wristlock. When Herrera was inside the cell, he was placed on his stomach due to his unpredictable behavior. I had to extend both of Herrera's legs and quickly cross them together with both of my hands to control his legs from possibly kicking other deputies or myself. Once I was able to cross both of Herrera's legs I placed my body weight on his legs to keep them from moving. Herrera was told to place both his hands under his chest. Deputy K. Trautman #4819 held an electronic control device (Taser) onto Herrera's back and warned him if he made any sudden movements he would be "tased". Deputies Copeland, Santo, Trautman, and myself exited the cell without further incident. When we exited the cell Herrera did not complain of any pain.

Approximately forty minutes after Herrera was inside PM #17, he complained to Deputy Trautman of pain in his left wrist. Deputies Santo, Copeland, IRC Triage Staff, and I spoke with Herrera while he sat on the

bench in PM-17. Herrera told us he had pain in his left wrist. Herrera told us he had injured his wrist a few days prior and may have re-injured it. I could see swelling to Herrera's left wrist. Herrera stated he did not tell IRC Triage or Classification of his injury because he was "kicking heroin".

For further details reference Initial Crime Report by Deputy Santo.

I reviewed video footage prior to writing this report.

9. VICTIM/INFORMANT	10. DATE AND TIME OF OCCURRENCE	11. GRID
Deputy A Copeland #9320	Saturday December 16,2017 Approx 1630	829-D3

12. DETAILS OF OFFENSE:

On Saturday December 16, 2016 I was working my assigned position as a Classification Deputy with my partners Deputies A. Santo #9817 and M. Rigby #9605 at the Intake and Release Center located in the city of Santa Ana. At approximately 1630 hours, Deputy Rigby was interviewing inmate Herrera, Eppie BKG#3030410 in classification booth #1.

Deputy Rigby was having difficulty talking to Herrera through the booth window. Deputy Rigby needed to place a wristband on Herrera and advised him he would place the wristband on Herrera in a different cell so Herrera did not lose "respect" from the other inmates. Deputies Santo, Rigby and I exited the classification booths and walked to booth #1.

Deputy K. Trautman #4819 opened the door to booth #1. Deputy Rigby directed Herrera to place his hands behind his back and to face the wall. Herrera did not comply. Deputies Santo, Rigby and I entered the booth. I attempted to grab Herrera's left arm to place him in a control hold. Herrera was within arms distance of me when lifted his arm, with a closed fist and attempted to strike me. I gained control of his left arm and placed it behind his back. Deputy Rigby and Santo attempted to place Herrera's right arm in a control hold. Deputy Santo gained control of Herrera's right arm so Deputy Rigby could place the wristband on Herrera.

Deputy Santo and I had great difficulty keeping Herrera's arms behind his back because Herrera was actively resisting us by stiffening his arms, stiffening his wrists, grunting and ducking his head. Deputy Santo and I forcefully turned Herrera and placed his chest against the wall. Deputy Santo was able to place Herrera in Handcuffs. Deputy Rigby placed the wristband on Herrera.

Deputy Santo and I escorted Herrera to holding cell PM #17 using control holds and escorting him backwards. We escorted Herrera into the cell and attempted to place him on his stomach. We directed Herrera to kneel down and lay on his stomach. Herrera did not comply. Herrera kneeled down then tucked his knees into his chest and refused to extend his legs to lay on the floor completely. We directed Herrera several times to extend his legs. Herrera did not comply. Deputy Rigby had to forcefully extend Herrera's legs to regain control of them. Deputy Santo and I maintained control of Herrera's arms while I used my free hand to remove

INVESTIGATING OFFICERS	REPORT BY	DATE OF REPORT	APPROVED
	A. Copeland #9320	12/20/17	Sgt. M. Castro #5307

the handcuffs. Deputy Trautman directed Herrera to place his left hand under his stomach. Herrera did not comply and I had to force his left hand under his stomach.

Herrera was uncuffed and all deputies exited the cell without further incident. Deputy Santo, Rigby and I learned that Herrera had a complaint of pain in his left wrist. Deputy Santo, Rigby and I arranged medical to come evaluate Herrera at PM #17. When the nurse asked about his complaint of pain Herrera stated he injured his wrist a few days ago prior to being incarcerated at the IRC. Later it was determined that Herrera had broken his wrist multiple times outside of custody and it had never healed correctly.

I reviewed the video footage of the incident prior to writing my report.
